## Qwikie™ Paint Guide

The Easy Way to Paint Without Masking!!!

The Qwikie Paint Guide adds a new twist to the standard paint guides available today. Designed by a professional painter, the guide uses angled edges to make it easier to paint without spending time masking. **Cut your painting time in half!** Made from durable acrylic, the Qwikie Paint Guide is built to last and is easy to clean. This inexpensive tool is a must have for any homeowner or painting contractor.

### Paint Guide Features

- Gets into "Hard to Paint" areas
- Angled ergonomic design
- "SEE-THROUGH" acrylic allows you to follow along without guessing
- Slides with ease between your baseboard and carpet

*With the Qwikie Paint Guide, you'll never need to mask again.*

## Roller Keeper™

Roller Cover Storage System

## Qwikie™ Roller Keeper™

Roller Cover Storage System

Stop wasting time and money! Are you cleaning roller covers at the end of a job when all you want to do is relax? Throwing out roller covers when you could actually re-use them? **No more messy cleanups with the Roller Keeper!**

### Roller Keeper Benefits

- Perfect for touch ups!
- Airtight!
- Ready for second coat!
- No more messy cleanups!

***Pays for itself the first time you use it!***

Available in Red and Blue.

## Qwikie™ Tri-Scraper™

### The Safer Way to Scrape™

Don't scratch another surface again. The Tri-Scraper provides a new way of removing unwanted materials from any surface. Made from durable composite plastics, the Tri-Scraper is safer to use than a razor blade, will not rust or corrode like a razor blade, and is strong enough to handle virtually any job. The Tri-Scraper will not mar softer surfaces like wood, dry wall, plastic, or fiberglass and is an ideal tool for glass cook tops and granite counters. It will not scratch your paint or glass and is a perfect choice for household, construction, marine, and automotive jobs.

#QTS

### Tri-Scraper Features

Revolutionary "Three Edge" Blade Design

- Conventional razor blades have only one edge, the Tri-Scraper blade has three edges!
- The **blue blade** is designed for soft, delicate surfaces and materials, works great for curved surfaces
- The **yellow blade** is designed for rougher, tough surfaces and materials, perfect for stubborn substances

### The Qwikie Tri-Scraper is the Economical Choice\*

- Metal Blade Scraper Pack:  
Average Blade Cost: \$2.86 *Based on MSRP*
- Single Qwikie Pack: \$2.29 (15 blade edges)
- 95% savings over metal razor blades
- Comes "clipped stripped" for easy display (24/clip strip)
- Hang in high traffic areas for easy profits

*Available in pre-assembled clipstrips only.*
